CONFERENCE

Dissolution of Parent Corporation Does Not Affect Local Operations.

BIG IMPROVEMENTS WILL BE CARRIED OUT but it was fruitless.

Company to Establish Can-Plant Soon In Addition to Erection of Great Tanks.

Plans for the development and operation of a big plant here in Honoluli by the Standard Oll Company will be unchanged by the dissolution of the parent corporation, the Standard Off Company of New Jersey. As told in a special disputch to the Bulletin yesterday, the Standard Oil Company dissolved in accordance with the order of the U. S. Supreme Court, and its stock will be apportioned among the subsidiary companies.

The Standard Oil business here is branch of the Standard Oil Company of California, which is the largest of the subsidiary companies. In answer to a question, George H. Richardson special agent for the company, assured the Bulletin this morning that the dissolution of the New Jersey corpor ation will have no effect on the local operations.

own can and box plants, which will be in operation in a few months. The result will be that the Standard Oil

BISHOP MEET

The Bishop street extension commision is seeking figures from intereste property owners, and for the purpo of securing this data has called a meeting of all parties concerned fo 10:30 tomorrow morning at the Senate chamber, in the Capitol, where it is expected that the property owners whose premises will be affected by the improvement will be on hand with figures showing their valuation of the property required for the extension.

The Bishop street extension commis been sent to all interested parties asking that they submit without delay a fair valuation of their holdings. The property owners are also advised to present at the meeting of the commission to be held tomorrow morning

TOOGOOD IS **NOW INDICTED**

Albert Toogood was this morning indicted by the Territorial Grand Jury. A true bill of murder in the degree was brought against

Toogood is charged with having murdered his wife, known about the town as Daisy Spencer. She WES found dead in a hack.

A heat wave has struck Alaska, the temperature in Valdez rising to 80 de-

man systems seems more imminent now than ever before. A conference was held today between Julius Kruttschnitt, traffic manager of the Southern Pacific, other Harriman officials and representatives of the shopmen's unions,

After the conference it was given out that the Harriman officials will positively refuse to recognize the American Federation of Labor or to deal with its representatives.

A strike is imminent at any time. The union men claim that it will involve 25,000 trainmen and that the Southern Pacific lines will be tied up. The Union Pacific management today cancelled all vacations arranged for its employes and is evidently preparing for the strike, keeping its office forces together in readiness.

(Special Bulletin Cable.)

SAN FRANCISCO, Cal., Sept. 1.—A statement given out by the railroad officials today is that recognition of the American Federation of Labor by the road means that the management of the system is by its employes. It is willing to deal with individual unions.

The union officials and leaders are now discussing what course to take.

Based on Mistake, Says A. M. Brown.

LAND AGENT AIKEN SAID OPERATIONS O. K.

E. M. Watson Retained as Counsel to Defend Arrested Manager and Four Japanest Tomorrow.

That the Cornwell ranch has been proceeding in its cutting of timber on Maul under authority of the Territorial land agent there, W. O. Alken, is the declaration made this morning by A. M. Brown, of the ranch company. His statement of the facts is the first made by a representative of the company, and sheds new light on the tim-ber-cutting controversy that led to the arrest of Manager Patrick Cockett and four Japanese on the ground of malicious injury.

The men were arrested on the com-plaint of Mrs. Eleanor Wilcox, a comesteader on one of the lot where timber was being cut. These lots are still under lease to the Cornwell ranch, but the lease expires November 1, and meanwhile the homesteaders who baid their fees were alowed to settle upon them.

Mr. Brown leaves this afternoon for Wailuku, where the case against the men for alleged malicious injury will come up in the district court to norrow. E. M. Watson, of the firm of Thompson, Wilder, Watson & Lymer, has been retained as counsel by the ranch company and is now at Wailuku, Mr. Brown says that he personally will not defend the men out that he is going to Walluku to ook after the interests of the ranch company in presenting the facts. Cornwell ranch company

eased this land under the monarchy." said Mr. Brown this morning, "and under the conditions of the lease way were allowed to cut timber so long as there was no waste. Several months ago, when complaints were first made, the Maui land agent, Mr. Aiken, personally investigated the violating the provisions against waste. We were cutting the large timber (Continued on Page 6)

FREAR APPOINTS **DEMOCRAT TO** OFFICE

Governor Frear this morning an nounced the appointment of Patrick Cockett, manager of the Cornwell ranch, as a member of the Mani Loan Fund commission to take the place of Engineer Howell who resigned. Mr. Cockett is a democrat.

"He seems to be a very good man," said the Governor this morning. "Mr. Howell thought very highly of him and recommended him as a good man to fill his place on the commission

"He is a democrat, by the way. and although this will prevent his being endorsed by the Republican central committee, we feel that a democrat should be appointed sometimes and more especially as a member of a commission. It is only the fair thing to do all around and the committee will be the first to acknowledge this.

"It is more or less a common practice with Federal appointments and especially with commissions for Fedpointed a democrat when he named the chief justice,
